

Kool Planet Limited's Approach to the Environment

Kool Planet Limited is committed to adopting responsible business activities that are consistent with its growing reputation for integrity and quality. Accordingly, the company strives to meet the environmental needs and expectations of all its customers, employees and other stakeholders by minimizing the environmental impact of all its activities. This approach helps ensure that Kool Planet play a contributing role in improving the quality of life in the communities it serves.

Our Corporate Commitment

Kool Planet Limited practices environmental responsibility by:

- ✓ Making the environment a consideration in all business decisions
- ✓ Managing all aspects of our business to effectively utilize and preserve natural resources, and to avoid depletion where it is technically and economically possible
- ✓ Developing and effectively utilizing Kool Planet Limited's Standards and relevant performance measures to guide actions and assure consistency worldwide
- ✓ Complying with all applicable environmental laws and regulations, Kool Planet Limited's Standards, as well as ensuring compliance through regular assessment
- ✓ Establishing goals, targets and objectives in the pursuit of continual improvement of our environmental performance in all activities
- ✓ Conducting employee training in our Standards, communicating the expectations and managing Kool Planet's operations to meet those Standards
- ✓ Communicating with the company's customers, employees and other stakeholders to ensure alignment of the company's environmental policies and performance with the needs and expectations of those stakeholders

Responsibility

Every Kool Planet Limited employee is responsible for understanding and adhering to this Environmental Policy.

Kool Planet Limited's directors have ultimate responsibility for effecting compliance within their domain of influence. They are also responsible for understanding and communicating the policy, and for facilitating action consistent with the policy.

This Environmental Policy is a dynamic document and subject to regular review and updates as continuous improvements are made. The directors have responsibility for leading the management of environmental issues, identifying and recommending measures to reduce or eliminate environmental risk, and assisting in the execution of actions to achieve compliance with the policy.
